Shamiul Hasan

TECHNICAL SKILLS

- Resident & Commercial Electrical wiring (Single Phase & Three Phase)
- Industrial Motor Control Systems (DOL, Star-Delta, Forward-Reverse)
- Electrical Panel Wiring (Distribution Board, Control Panel)
- MCCB, MCB, Contactor & Relay Installation
- Electrical Load Calculation & System Design
- Preventive & Corrective Maintenance of Electrical Systems
- Fault Diagnosis & Troubleshooting in Electrical Circuits
- CCTV System Design, Installation & IP Camera Configuration
- Structured Cabling & Network Infrastructure Setup
- Solar PV System Installation, Wiring & Inverter Setup
- Earthing System Design & Implementation
- Electrical Drawing Interpretation (Single Line Diagram, Wiring Diagram)
- Testing & Commissioning of Electrical Equipment
- Use of Advanced Measuring Instruments (Digital Multimeter, Clamp Meter, Megger)

PRACTICAL EXPERIENCE

- Completed residential and commercial wiring projects
- Installed and configured CCTV systems
- Performed networking and cabling setup
- Worked on solar panel installation projects
- Experienced in motor control systems and panel wiring

ADDITIONAL SKILL

- MS Word & Excel
- Communication
- Teamwork & Problem Solving

LANGUAGE

Bangla(Native)

Basic English

EDUCATION

Institute of Computer Science & Technology – DIPLOMA IN ELECTRICAL ENGINEERING

Duration: 2023 – 2026 (Expected)

PROJECT

IoT-Based Energy Monitoring System (ASSET Project)
